

Parallel Computing and Graph Processing

A few announcements

- HW #3 is out
 - Due next Monday, May 7
 - Heavier than previous ones (and it's 20%)
- Course evaluations
 - You should got emails or you will
 - You can use the QR code as well!
 - Chrome lets you scan on iPhone (and Android probably)
 - Please fill that out!
 - Takes a few mins
 - Helps me and future students
 - Completely anonymous!

A few announcements

- Final reports and presentations next week
 - Report is due Wed, May 9
 - Make it comprehensive
 - Put a section for your 'experience' this semester
 - What did go well? What was challenging? What would be better?
 - Any suggestions for the course
 - Do not submit a slightly changed progress report!
 - Overlap must be shorter than the new material
- Presentations on Mon & Wed
 - 20 mins per person
 - Prepare slides, don't read from paper!
 - Make sure your computer works, send me slides just in case
 - Yanbo, Sharat, Xinbo on Mon
 - Payam, Vicky, Kishlay on Wed

A few announcements

- Similar courses in other schools
 - MIT: <https://people.csail.mit.edu/jshun/6886-s18/>
 - Great coverage of the literature
 - Links to similar courses in other schools
